COMMUNITY

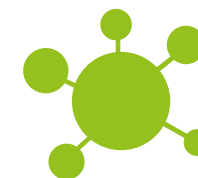

A COMMUNITY BUILT ON INNOVATION AND COLLABORATION

Biopôle is a life sciences campus in Lausanne, Switzerland, boasting a renowned community of industry and academic specialists, as well as state-of-the-art laboratories, office buildings and amenities. Most of all, we pride ourselves on ideas that cross boundaries, generations and disciplines – and on the spirit of collaboration that flows throughout our whole community.

Biopôle is home to over 1,500 people from more than 100 of the world's most innovative life sciences companies and research groups.

BIOPÔLE AT A GLANCE

TOGETHER, WE'RE STRONGER

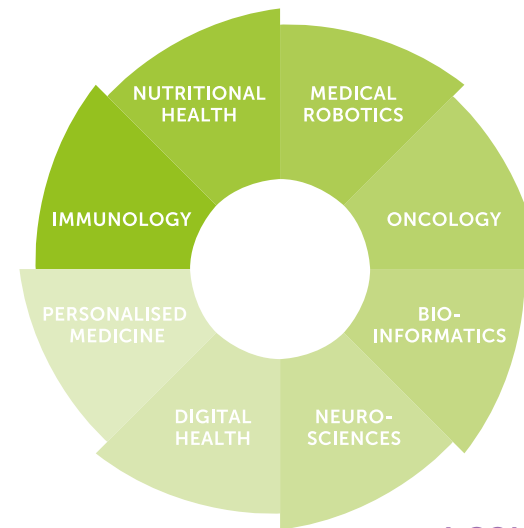

Biopôle's ecosystem harnesses a real diversity of industry, clinical and academic research. We actively foster the cross-fertilisation of ideas and we work with all parties to share knowledge and awareness of current projects. And we're always alert to opportunities for synergies and collaboration.

A MELTING POT OF IDEAS

The Biopôle community consists of leading companies, prestigious research institutes, clinical research departments and dozens of other research entities.

A few of the companies at Biopôle

A CONVERGENCE OF DISCIPLINES

Companies and institutes at Biopôle support and learn from each other – pooling their many different skillsets, priorities and business approaches to accelerate life sciences research and development.

FROM START-UPS TO MULTINATIONALS

Our campus brings together companies of all shapes and sizes, which makes it even more beneficial to share ideas and generates new opportunities for innovation.

In 2019, more than 100 multinationals, scale-ups, start-ups, SMEs, foundations and research institutes call Biopôle home – a place where they can experiment and grow.

NETWORKING

LIFE AT BIOPÔLE

Located ten minutes from the centre of lively Lausanne – and its many sporting and cultural activities – Biopôle is an urban campus with a busy calendar of events and a full array of on-site amenities for individuals and companies alike.

CONNECT WITH BUSINESS AND ACADEMIC PARTNERS

At Biopôle, you're part of a dynamic life sciences community. As well as many on-site scientific and business events, we organise a wide range of tailor-made thematic workshops, conferences and company presentations to connect you to your Biopôle neighbours, as well as major players in the region and beyond.

ENJOY CORPORATE AND INDIVIDUAL SPECIAL OFFERS

The size of our community means we can access a wide range of corporate discounts and offers for you. We also organise exciting community activities for employees of Biopôle companies.

WORK, REST AND PLAY

When you need a break from work, the beautiful Swiss Alps are just a short journey away. Or if you prefer, you can relax in our sports and healthcare facilities, or enjoy healthy, nutritious meals from our many on-site restaurants and food trucks.

COMMUNITY

A growing campus: The new SB-A building will be inaugurated in Spring 2020

STATE-OF-THE-ART FACILITIES AND INFRASTRUCTURE

The Swiss are well known for their world-leading levels of quality – and we at Biopôle are no exception. We're meticulous in the management of our buildings and everyday amenities. And we're always expanding and improving our offering in order to accommodate growing companies, welcome new arrivals and incorporate extra facilities – such as a fitness centre, conference centre, more restaurants and a day nursery.

2019
7 BUILDINGS
44,000 m²

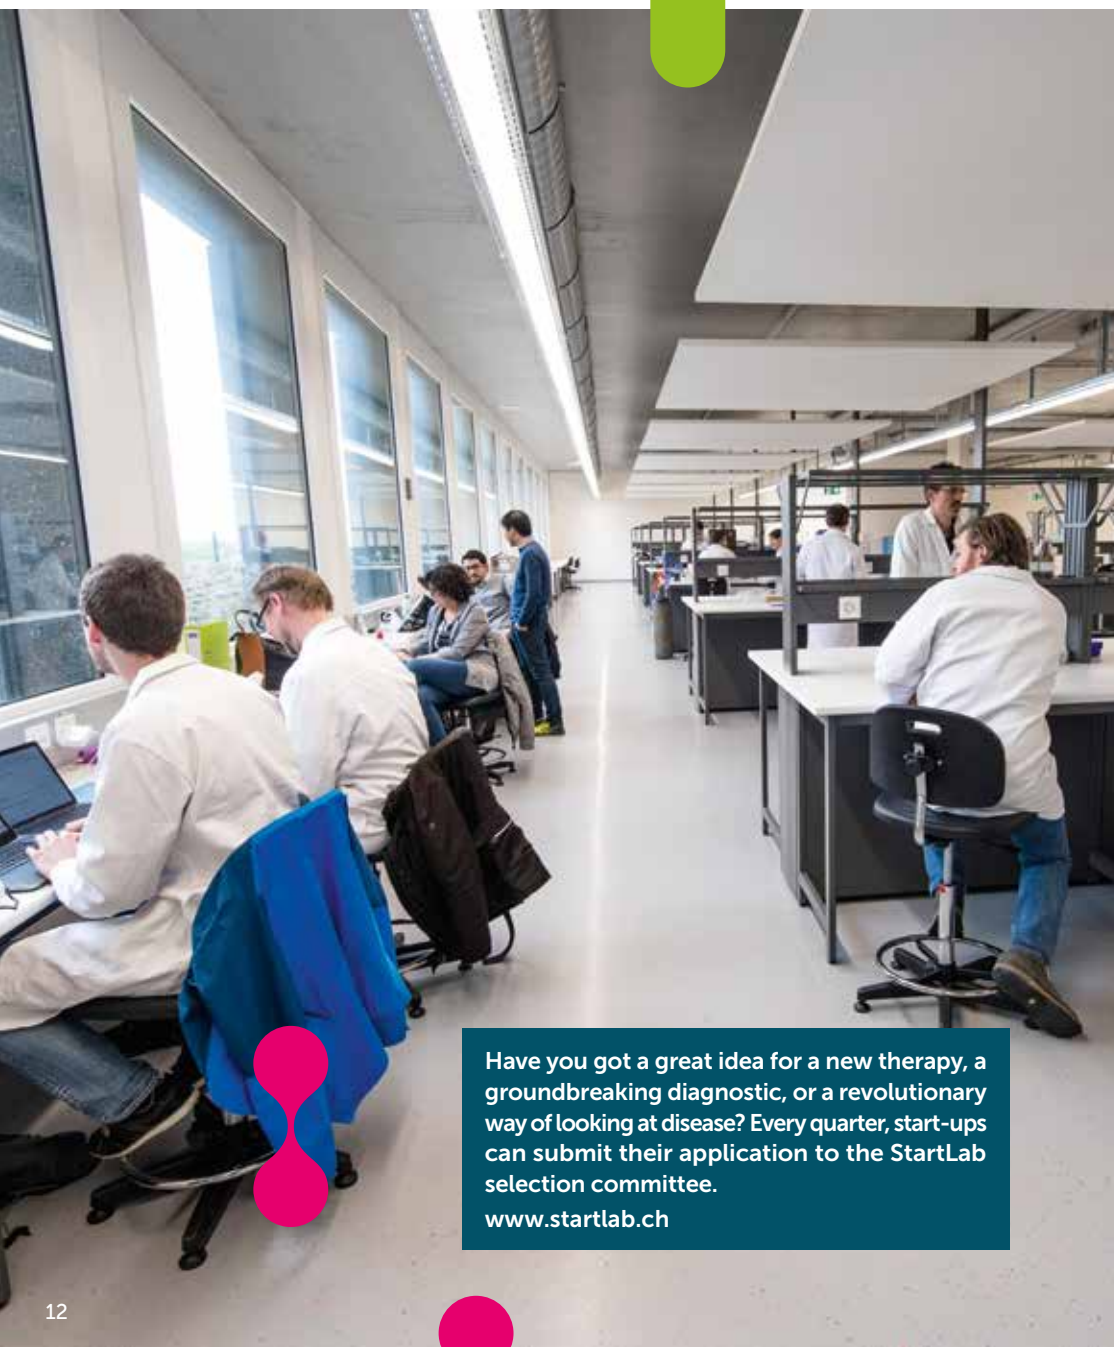

BY 2022
11 BUILDINGS
84,000 m²

Our on-site buildings offer:

- Office and laboratory space
- Beautiful views over Lake Geneva and the Alps
- Flexible hosting – we can adapt the space to your needs
- Swiss Minergie® standards of building efficiency
- Equipped to match your requirements

Have you got a great idea for a new therapy, a groundbreaking diagnostic, or a revolutionary way of looking at disease? Every quarter, start-ups can submit their application to the StartLab selection committee.

STARTLAB @ BIOPÔLE: THE BEST START FOR LIFE SCIENCES ENTREPRENEURS

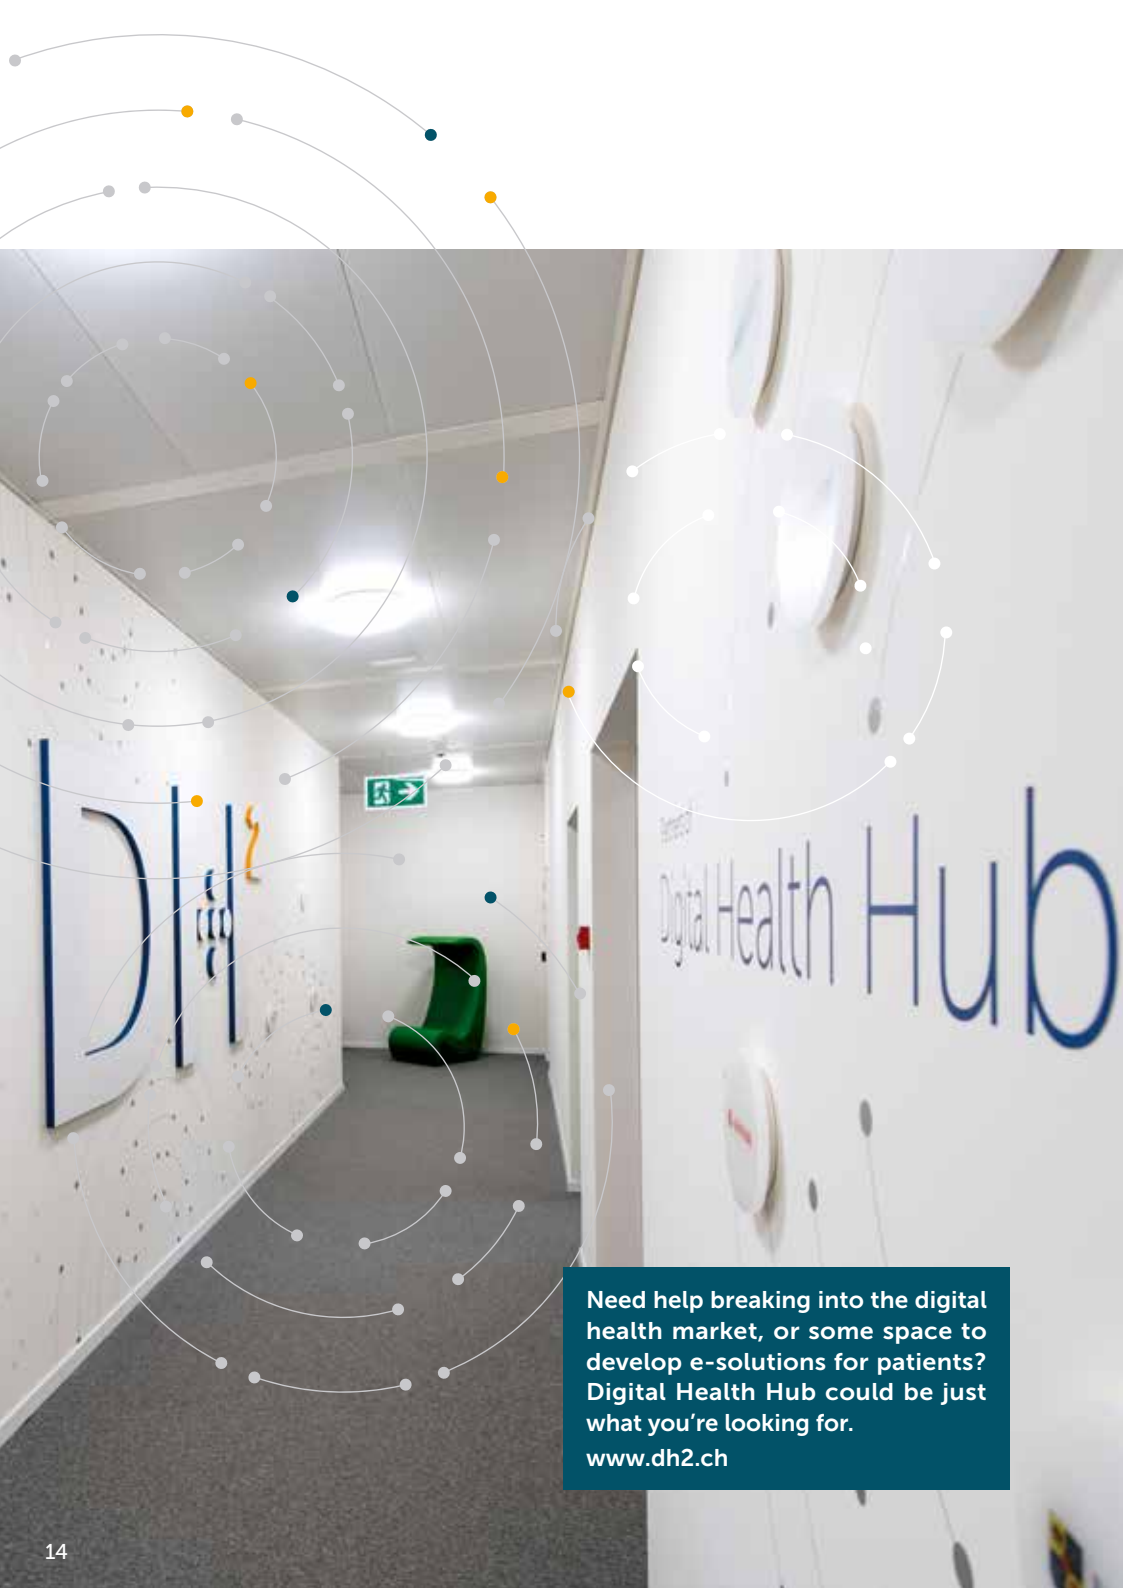

Established in 2018, StartLab's mission is to incubate selected life sciences projects in an environment designed to maximise their chances of success. By offering them tailor-made infrastructure, support and servicing, StartLab anchors aspiring business creators in Biopôle's dynamic community and closely accompanies them throughout their incubation journey.

STARTLAB OFFERS BUSINESSES:

- 700 m² of fully equipped shared laboratories
- 300 m² of shared office space
- Support from seasoned entrepreneurs from the StartLab Advisory Board & Entrepreneurs' Club
- Pay-as-you-play and no initial equipment investment

DIGITAL HEALTH HUB @ BIOPÔLE: DIGITAL MINDS SERVING CONNECTED PATIENTS

Established in 2019, the Digital Health Hub is a collaborative initiative between professionals, researchers and companies from the Swiss digital health community and beyond. Together, they develop innovative solutions for – and with – patients. And with their help, digital health companies can fast-track their projects and profit from an extensive network of industry experts.

A network of digital health companies, research institutes and organisations serving patients

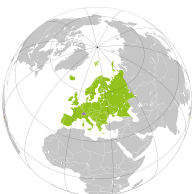

A committee of digital health experts – Digital Pulse – that scouts for emerging projects

900 m² of private and collaborative space for emerging companies and their projects

Need help breaking into the digital health market, or some space to develop e-solutions for patients? Digital Health Hub could be just what you're looking for.

A LAND OF GROWTH AND OPPORTUNITY

Located in the heart of Europe, Switzerland has a well-deserved reputation for innovation and a workforce that's highly skilled – particularly in specialist areas such as microtechnology, deep tech, biotechnology, med-tech, pharmaceuticals and banking.

Much of that innovation and technology centres around the Lausanne area on the shores of Lake Geneva, where the Biopôle campus is situated. It's in the canton of Vaud in French-speaking Switzerland, and has seen a surge in exciting life sciences initiatives in recent years.

Lavaux vineyards: UNESCO's World Heritage

Offering unrivalled access to our network of world-leading academic research institutions, innovative and established industry players, plus experienced advisors and investors, Biopôle truly is the destination of choice for local, national and international businesses in Switzerland.

10 REASONS TO RELOCATE TO BIOPÔLE

Work from a campus that's entirely dedicated to life sciences

Connect to an inspiring community of peers in an innovative and supportive environment

Access world-class facilities and an infrastructure personalised to your corporate needs

Be part of Switzerland's largest life sciences cluster and one of the most dynamic life sciences start-up ecosystems in the world

Collaborate on facilitated clinical and research projects with leading academic partners

Boost your innovation with our specialist programmes – StartLab and Digital Health Hub

Enjoy a busy calendar of on-site events and activities, plus individual matchmaking opportunities

Take advantage of many corporate and individual discounts on services and amenities

Grow your visibility thanks to joint promotion

Enjoy beautiful views of Lake Geneva and the Alps

HELPING YOU THRIVE AND GROW

Founded in 2004 by the canton of Vaud public authorities, Biopôle SA is the privately held, not-for-profit organisation responsible for the management and promotion of the life sciences campus. We believe that interpersonal and inter-company relationships are the key to successful innovation. That's why we focus all our efforts on creating an environment in which you and your teams can prosper while you collaborate with the rest of the Biopôle community and beyond.
